

Presents a worship with

Dr. Frank MacMaster, PhD

The Brain: How it Develops and What Can Go Wrong

May 8, 2016 8:45am—12:00pm

Cost: \$75 early registration (includes continental breakfast)

Location: Victoria Inn Winnipeg, 1808 Wellington Avenue

Dr. Frank MacMaster is an Associate Professor at the University of Calgary and holds the Cuthbertson and Fischer Chair in Paediatric Mental Health in the Departments of Psychiatry and Paediatrics. He also works out of the The Mathison Centre for Mental Health Research & Education in the Child and Adolescent Imaging Research (CAIR) program at the Alberta Children’s Hospital. Dr. MacMaster has published over 70 research articles in the areas of neuroscience related to children’s mental health and many community, government and academic presentations. Dr. MacMaster’s research interests are focused on using a neuroimaging platform to identify mechanisms that underlie neurodevelopmental and mental disorders. His areas of focus are depression, ADHD, OCD and Bipolar Disorder in children. His current research includes the effects of neurostimulation in depression and Tourette’s. He has a wealth of experience in interpreting and sharing what functional MRI’s tell us about mental disorders and the developmental impacts for children.
